NOTE TO THE EDITORS

Paris Peace Forum

120 selected projects
More than 80 countries represented

11, 12, and 13 November 2018
Grande Halle de La Villette, Paris

The Paris Peace Forum will take place from the 11th to the 13th of November at the Grande Halle de la Villette, alongside the Armistice ceremonies of the First World War. This initiative, launched by the President of the French Republic, Emmanuel Macron, is an unprecedented international event that aims to defend and reform multilateralism at a time where transnational challenges and international tensions are heightened.

The Paris Peace Forum will act as an annual meeting place for exploring ideas and projects on global governance with five themes in mind: peace and security, environment, development, new technologies, inclusive economy.

Inspired by the success of COP 21, the Paris Peace Forum will serve as an opportunity to exchange and debate innovative solutions that will be presented by a variety of actors in global governance such as Heads of State and Government, regional and international organizations, as well as numerous civil society actors.

To this end, 120 grassroots projects led by civil society actors and Nation States were selected. These governance projects will be at the center of the various intervention formats that will take place during the three days.

Finally, a hackathon on the transparency of financial data will be held during the three days, at the Grande Halle de La Villette.

The Paris Peace Forum association is chaired by Justin Vaïsse and was developed in partnership with Sciences Po, the Körber Foundation, the Mo Ibrahim Foundation, the French Institute of International Relations, the Montaigne Institute and the French Ministry of Foreign Affairs.
