Paris Peace Forum | 21 May 2019

Call for Projects

Innovative solutions for better organizing our world
The Paris Peace Forum closes its Call for Projects on 24 May 2019

As an incubator for the most promising governance projects, we are centered to those who develop innovative solutions for today’s transnational challenges.

Our Call for Projects is still open until 24 May. We invite international organizations, states, NGOS, companies, foundations, philanthropic organizations, development agencies, religious groups, think tanks, universities, or other civil society groups to apply to present their initiatives in the following domains:

- Peace & Security
- Development
- Environment
- New Technologies
- Inclusive Economy
- Culture & Education

Selected project leaders will be invited to showcase their global governance solutions at our second edition from 11 to 13 November at la Grande Halle de La Villette in Paris. It will be the opportunity for them to develop, energize, and raise visibility to their project with thousands of actors of collective action.

“I took part in the first Paris Peace Forum ever, and I was inspired. 6,000 global citizens, 75 leaders, and 120 project teams presenting their fresh solutions to the challenges we face […]. Now, more than ever, we need to work across borders, generations, and sectors. We need innovative, evidence-based, multistakeholder solutions”.

María Fernanda Espinosa Garcés, President of the United Nations General Assembly
2019 Call for Projects
The Call for Projects of the Paris Peace Forum is open until 24 May 2019 at 6 pm, Paris time (or 5 pm GMT). To apply, project leaders must submit their project in English or in French on the website of the Paris Peace Forum only.
